

Sensing & Control

High Quality At Exceptional Cost

Switch Mode Power Supply for All Your General Application Needs!

Features:

- Economical Power Supply with Ultra-compact design
- DIN Track Mounting and Bottom-mounting models with ratings of 15 to 350W are available
- Model comes with Output Voltage 5, 12 (15 & 35W) and 24 VDC for all other wattages
- Protection functions against Overload and Overvoltage Operation
