### **The purchase officer**

Dear Sir's,

By way of introduction, we introduce ourselves as one of the government licensed & registered supplier of Electrical, Electronic & Switchgear Goods. We are in this field since 1995 with completion of more than a decade & half, having tremendous experience of supplies with different clients (government, semi-government, multinational and industries in private sector) with sound product knowledge.

As very truly said, "Electricity plays an important role in today's environment with latest technologies coming in the market with multinationals taking over Indian companies with product upgrading day to day basis so as to understand the present scenario and act fast to the satisfaction of the client.

We are young enterprises with modern infrastructure with all means of communication along with authorization from our principals to supply their products in the proper channel with sales after service, with our office located at the heart of the business center. We can provide door delivery services, samples for your client approval, guidance for the other product supplies and the most important to establish a long lasting business relationship so as to work with a good intension for a fruitful returns.

In simple words please refer us for all requirements of Industrial electrical, electronic, automation, lighting, wires & cables & switchgear products.

Kindly find below the details of our company & we request you to kindly register us in your enquiry mailing list & give us an opportunity to serve.

You can also login our website for more information.

Thanking you

Regards

Well contacts co  
Jaswanth Singh  
General manager.mktg
